INSTALLATION INSTRUCTIONS

Remove the fog bezels, splash guard, or front bumper cover to gain access to the fog lights. Disconnect and remove fog lights.

1
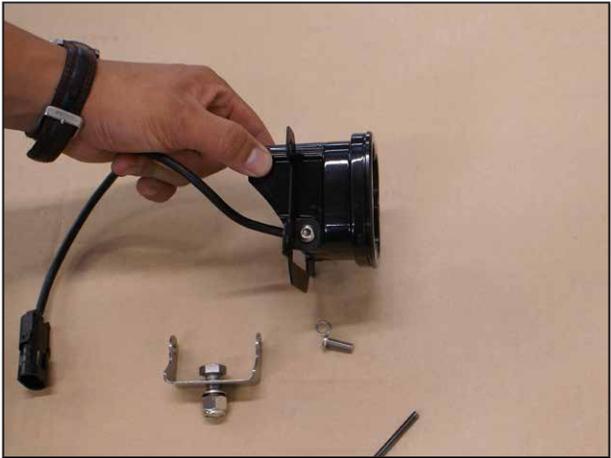

Replace Baja Designs mounting brackets with Rally Innovations brackets. Ensure that the tabs face forward.

2

Attach Squadron assemblies to front bumper cover. Fasten with OEM hardware or included 1/4" hardware. Wire, test, and reinstall fog bezel, splash guard, or bumper cover.

3

For vehicle-specific instructions, please contact Rally Innovations for more info.
